meditative pitch for a cultural recommitment to the vocational arts. As a mechanic with a doctorate in philosophy, author Matthew B. Crawford has lived both lives—that of the “knowledge worker” of white-collar culture and that of the manual laborer who solves the problems society faces on a daily basis.

experience that was once quite common, but now seems to be receding from society--the experience of making and fixing things with our hands. Those of us who sit in an office often feel a lack of connection to the material world, a sense of loss, and find it difficult to say exactly what we do all day.
